

# Take a Queen Mary Masters degree and get a **£1000 bursary**

Improving your skills and enhancing your qualifications are always smart moves – particularly so in the current economic climate. Adding a Masters degree to your Bachelors will make you more attractive to prospective employers. We are offering a **£1000 bursary** towards tuition fees when Queen Mary graduates progress to a taught Masters programme within the Faculties of Humanities and Social Sciences or Science and Engineering in 2012/13

The bursary will be available to students who:

- **Are home (UK and EU) students graduating from Queen Mary in 2012 only**
- **Apply for and successfully take up a place on a Queen Mary taught Masters programme within the Faculties of Humanities and Social Sciences or Science and Engineering in 2012/13**
- **Are not holding any other scholarship offers**

Applications for admission should be made in the normal way and eligible students will be able to claim the bursary when they pay their fees.
