

## Programme structure(s) and requirements, levels and modules

### Requirements

If students are placed into the preliminary Russian stream the degree programme will be 4 years in length including a preliminary Russian year with no year abroad. If students are placed in the post A-Level or native speaker Russian stream the degree programme will be 4 years in length with the third year spent on a Year Abroad in either a German or a Russian speaking country.

Students must take a minimum of 135 credits in Russian modules and 135 credits in German modules in addition to the Year Abroad module (if applicable) over the period of their studies. The Year Abroad is worth 120 credits and is a compulsory and integral part of the degree programme for students in the post A-Level Russian stream. Exceptionally the School can exempt students from the Year Abroad. These students will submit a change of programme form to change their degree to a 3-year degree. The programme requirements for the 3 year variant are exactly the same as for the 4 year programme but without the Year Abroad requirements.
